OBJECTIVE

I'm an aspiring MERN stack developer who loves building full-stack applications that make a difference in the real world. I'm motivated by writing clean code, improving performance, and creating scalable architecture. I'm looking for a chance to learn and contribute in a collaborative team that values innovation, user experience, and creating meaningful digital solutions.

EDUCATION

Master of Computer Applications (MCA), 2023 – 2025
HVPM's Degree College Of Physical Education, Amravati Amravati

Bachelor of Computer Applications (BCA), 2020 – 2023
Sant Gadge Baba Amravati University, Amravati Amravati

WORK EXPERIENCE

Web Development Intern, YHills Edutech Pvt. Ltd. 01/2025 – 06/2025

- Completed hands-on training in MERN stack development through guided assignments and tasks.
- Worked on modules involving authentication, CRUD operations, and routing as part of the
- Built responsive UI components using React.js and Tailwind CSS during practice-based projects.
- Gained experience with REST APIs, database interaction, and full-stack development workflow.

SKILLS

| • CSS | • Git & GitHub | | |

PROJECTS

ARTORA, Art Auction Platform

A platform to buy, sell, and bid for artwork in auction.

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Mongoose, JWT, Nodemailer

Live Demo: <https://artora-kappa.vercel.app/> 🌐

GitHub Repo: <https://github.com/SwapnilSahare5/Artora> 🌐

swapnilsahare45@gmail.com

- Developed a full-featured marketplace with auction logic.
- Implemented secure user authentication using JWT and OTP-based email verification.
- Added role-based access for Admins to manage artworks, users, orders, and auctions through a custom dashboard.
- Built RESTful APIs for complete end-to-end functionality.

Recipe Finder, *Recipe Sharing Platform*

A platform where users can add and discover a wide variety of recipes.

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Mongoose, JWT

Live Demo: <https://recipes-finder-ruddy.vercel.app> 

GitHub Repo: <https://github.com/SwapnilSahare5/RecipesFinder> 

- Built a complete CRUD system for recipe management.
- Enhanced authentication and backend security structure.
- Optimized API architecture for better performance and clean code flow.
